

Listing of Mayfield Cemetery's Mausolum as of 7/23/2022

The Original building, built in 1930 has three floors. The two wings were added in 1970 and have two floors. For purposes of this listing the floors are defined as Lower Level, Chapel floor and Second floor.

If a location is in one of the wings, the listing will indicate West Wing, or East Wing followed by North or South wall. Crypts and Niches are identified from top of the wall to the bottom of the wall with A being at the top, with the alphabet continuing to the bottom of the wall.

If the location is in the original building it will be listed as being in a room or hall location, as shown on the maps below. Please note this data base is updated within 90 days of an interment or inurnment.

If you plan to visit the mausoleum during weekend hours, contact the office in advance at 216 321 1733 or by e-mail at info@mayfieldcemetery.org.
